Audi A4 Owners Manual. The Audi A4 is a line of small executive cars produced since late 1994 by the Audi, a subsidiary of the Volkswagen Group. Introduced for the 1996 model year, the A4 has become the automaker's most popular model. Audi's executive car was previously named the Audi 100 (or Audi 5000 in the United States), and was released in three successive generations (Audi C1, Audi C2 and Audi C3). In 1994, the latest generation (C4) of the Audi 100 received a facelift and was renamed as the Audi A6, to fit in with Audi's new alphanumeric nomenclature (as the full-size A8 had just been introduced). Audi has devoted attention to the cars representing the top-half of their product line-up for 2012. All-new for 2012 is the redesigned 2012 Audi A6 and S6 sedan boasting a lighter yet stronger construction. Completely new to the Audi line-up for 2012 is the A7 Sportback.
