

Download Complexity And The Arrow Of Time

I have several interests that seem tied together -- complexity, emergent properties (the whole being greater than the sum of the parts, as with the human brain and ant colonies) and the arrow of time, which I think is an emergent property of matter when sufficiently organized. Complexity and the Arrow of Time 3.89 · Rating details · 28 Ratings · 2 Reviews. There is a widespread assumption that the universe in general, and life in particular, is 'getting more complex with time'. This book brings together a wide range of experts in science, philosophy and theology and unveils their joint effort in exploring this idea.
