The parent is the primary person in home education! The Home Educator's Basic Quick Start Kit* was put together for families who have never used the A.C.E. program before. We believe that a successful education of a child begins with the parent! That's why we have compiled training materials that will enable parents to implement the Accelerated Christian Education program successfully. This handbook contains general information regarding the Lighthouse Christian Academy (LCA) administration, procedures, and fees. LCA reserves the right to change items contained in this handbook.
