4 School Nurse Toolkit Improving young people's health literacy School Nurses 1 The value of promoting health literacy 1.1 Increasing awareness of the school nurse team Focus groups carried out by the Association for Young People's Hagell A and Maughan B (2017) Epidemiology: Are mental health problems in children and young people really a big issue? In N Midgley, J Hayes and M Cooper (Eds) Essential Research Findings in Child and Adolescent Counselling and Psychotherapy.. London: Sage/BACP; Yassaee A, Hargreaves D, Chester K, Lamb S, Hagell A and Brooks F (2016) Experience of primary care services among early adolescents ...The School Nurse's Role in Behavioral/Mental Health of Students. Position Statement. printable version. SUMMARY. It is the position of the National Association of School Nurses (NASN) that registered, professional school nurses (hereinafter referred to as school nurses) serve a vital role in promoting positive behavioral health outcomes in students through evidence-based programs and ...Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
